

New York Graduate School of Psychoanalysis

REGISTRATION INFORMATION FALL 2017

Course selection begins online July 6, 2017. Selections are provisional until paperwork is submitted to the Registrar. Registration Deadline: September 1, 2017.

Summary of Registration Process

1. The student schedules an advisement meeting with the assigned advisor. At the meeting, course selection is discussed and agreed upon. If the student is ready to begin fieldwork, that student will have: completed PT 184 Primitive Mental States, completed a minimum of 15 hours of PT 7 Individual Psychoanalysis, filled out an Application for Field Placement Program (requiring the advisor's signature of approval), and met with the Fieldwork Coordinator to discuss field placements. The student may then register for the first of the required three semesters of PT 185 Clinical Experience in Institutional Settings and PT 111 Fieldwork Discussion Group.

2. In the Fall 2017 semester online course selection will once again be available to NYGSP students. *The online selections are provisional (unofficial) until all paperwork has been submitted to the Registrar.* **Registration for the fall begins July 6, 2017. Incomplete submittal of required documents delays registration.** Registration is considered complete when:

- the student has secured the advisor's consent to register for mutually agreed-upon courses.
- the student has submitted all completed PT 7, medical insurance, and immunization forms.
- the student has returned all borrowed library materials.
- fees are paid in full—(payment, financial aid approval, or an approved arrangement for payment*)

WHO MAY REGISTER?

Registration is open to new students who have been accepted into the Master of Arts Program and to returning students in good standing.

*EXTENDED PAYMENT PLAN

NYGSP offers an extended payment plan to students in good standing. It enables a student to distribute tuition costs over the course of a semester. In order to use the plan, students complete and sign an Extended Payment Plan contract (available from the Registrar) and return it with five post-dated checks, along with the fee for the plan (\$75.00). The five checks must be **approximately** equal in amount, but rounded off to the nearest five dollars. All checks and the form are due with registration before or by the registration deadline. The first check has the date of the registration deadline, **September 1, 2017**. Subsequent checks may be dated the **1st** or the **15th** of October, November, December, and January.

PT 7 ANALYST STATEMENTS

All students are required to be, at minimum, in a once-a-week individual psychoanalysis with an approved analyst. **N.B.: It is the student's responsibility to report any interruptions in analysis, change in the frequency of sessions, or change of analyst to the advisor.**

ATTENDANCE

Students are allowed two excused absences per class per semester. More than two absences result in no credit.

ASSIGNED READINGS FOR FIRST CLASS

Please be aware that many classes have a reading assigned for the first class meeting. Please check the reading list for the classes for which you have registered so you can be prepared for the first class.

LIBRARY COPIER ACCESS

The library has two copiers for student use. Copies (and prints) cost 10¢ each. Students establish an account and set up a numerical password with the librarian in order to use the machines.

CURRICULUM SUPPORT FEE

The Curriculum Support Fee pertains to all students. The fee allows for the addition of services and improved facilities for the graduate students.

FEDERAL FINANCIAL AID (SEE P. 3)

Students may now apply for **financial aid through the William D. Ford Direct Loan Program**. To do so, please complete and submit the 2017-18 FAFSA online at www.fafsa.ed.gov. Our FAFSA school code is G31943. Ms. Stephanie Woolbert, NYGSP's financial aid officer, will administer the program from Boston. Her phone number at BGSP is (617) 277-3915, ext. 19. Mr. Guttman, the NYGSP registrar, will assist Ms. Woolbert from New York. The Unsubsidized Stafford Loan programs provide guaranteed loan proceeds to eligible students based on financial need and certain other criteria. Repayment begins six months after graduation or if attendance drops below half-time. Students generally have up to ten years to repay. Graduate student loans may be consolidated once in repayment with existing undergraduate/graduate loans to streamline repayment. Reasonable interest rates, flexible repayment terms, and deferment of payment options are available to eligible borrowers with the unsubsidized loans.

INTERNATIONAL STUDENTS

International students are not eligible for US Federal Financial Aid. Information on aid for international students can be found at <http://www.edupass.org/finaid>. Additionally, students may consider applying to the Fulbright program (<http://fulbright.state.gov/fulbright/become/howdoiapply>).

ASSISTANTSHIPS are offered after completing the equivalent of one year of coursework. Please contact the Registrar, Mr. Guttman, for more information.

SCHOLARSHIPS

NYGSP does not offer scholarships. Students are encouraged to seek outside scholarships such as the Fulbright program (<http://fulbright.state.gov/fulbright/become/howdoiapply>). If you need assistance, contact the Director of Financial Aid, Ms. Woolbert, at (617) 277-3915, ext. 20 or financialaid@bgsp.edu.

CURRICULUM CHANGES

The New York Graduate School of Psychoanalysis may withdraw, add or modify courses as necessary.

PT 76 OFFERED THIS SEMESTER *Enrollment limited.*

This semester, Bion scholar James Ogilvie will offer an elective entitled **Introduction to Bion: On Primitive Mind, Transformation and the Limits of Psychoanalytic Knowing**. The course will introduce Bion's investigation of primitive states of mind, tracing the development of his thinking from his earlier Kleinian papers to his later concern with "O" and the limits of psychoanalytic knowing. It will consider how Bion's sense of these limits—and, more generally, of our capacity to mind—becomes of ever-greater clinical as well as theoretical significance for him. Indeed, the difference between the practice of psychoanalysis and its theorization becomes a living concern of Bion's as his work develops. He says that when it comes to encountering primitive parts of the mind, psychoanalysts must construct a "new apparatus" that might enable them to experience what is arising in the moment. Moreover, they must encounter the limits of their capacity to understand in order to be in "at-one-ment" with the truth, the "O", of the clinical situation; they must, in his words, "become infinite." In order for us to get a sense of what Bion means by such "at-one-ment", we will read select passages of his work together, attending to the sort of awareness they evoke. Through vivid metaphor and startling imagery, Bion brings us to places where the capacity to mind, to think, to feel is in question or under attack. In reading Bion, we may come to feel our own lack of capacity to mind. We may have an intuition that perhaps we are thereby being brought into an immediate, "from the inside," contact with foundational aspects of our patients' distress. The process of reading Bion brings shattering experiences before us, evokes them in us, and hints at their capacity to transform us. As we make contact with such states in the passages we read together, will our collaboration reveal aspects of the new apparatus, the new mind, that might arise to meet them?

The class will meet on the following eight Saturdays from 11 a.m. to 1 p.m.: Sep. 23, Oct. 14, Nov. 11, Dec. 9, Feb. 10, Mar. 3, Mar. 24, Apr. 28. Students must attend at least seven classes to receive credit for the course.

WILLIAM D. FORD DIRECT LOAN PROGRAM - STAFFORD LOAN-6.0%

- Fixed rate.
- Guaranteed to receive loan if student meets eligibility requirements.
- You must complete FAFSA at www.fafsa.ed.gov. Our FAFSA school code is **G31943**.
- Annual limit of \$20,500.00 unsubsidized (you pay all the interest, although you can have the payments deferred until after graduation).

Aggregate loan limit is \$138,500.00 for graduate students.

- Loan Entrance and Exit counseling is required at <https://studentloans.gov/>
- You may defer repayment until 6 months after graduation.
- You may pay interest-only while in school (to avoid compounded interest). You may make a payment at any time without penalty.
- You may defer undergraduate and prior graduate loans while in school.
- To qualify, you must be a U.S. citizen or eligible non-citizen (i.e. non-resident alien, citizen of U.S. Territory).
- You must be registered at least half-time (4 credits or more). Special status for students who have completed all coursework and are working on their Thesis or Clinical Paper. For Financial Aid purposes only, all coursework and other requirements must be completed. You must be registered for at least 2 credits of PT 525 Directed Research each semester, up to three (3) semesters, to qualify for Federal Student Aid. It is possible for some students to complete their thesis or clinical paper in less than three semesters. It is also possible for a student to take longer than three semesters. No Federal Student Aid will be disbursed to a student that registers for less than two credits of Directed Research and/or takes longer than three semesters to complete their thesis or clinical paper. Please see the student bulletin and your advisor for information on thesis, clinical paper completion and graduation requirements.

· Satisfactory Academic Progress: Students are required to make Satisfactory Academic Progress in their program of study to maintain eligibility for Federal Student Aid. To achieve this, students must be in good academic standing, meaning they are progressing through the program, earning passing grades and making up any incomplete grades by the deadline. Students are considered to have fallen out of good academic standing if they are not progressing at the minimum completion pace of 67% or if they are placed on probation. For information about the criteria for being placed on probation, please refer to the Student Handbook. Students that do not meet this requirement are not eligible to receive financial aid and may go into repayment until they are once again in good standing.

· There is a time limit for receiving Financial Aid. Withdrawing from a class may leave you in less than half-time status and/or leave you in jeopardy of not completing the program in a timely fashion. Students are required to complete the program within 1½ times the published program length. For example, a full-time student in a two-year program has three years of Aid eligibility. If a student is registered part-time, the length of eligibility must be prorated. Please note that aid is based on the academic year and does not necessarily take credit hours into consideration.

· Withdrawal from the program may affect loan eligibility. The Federal Student Loan law requires that a student who withdraws from school may be obligated to pay back unearned loan funds to their lender. The general rule allows the loan to be prorated from the beginning of the semester up to the withdrawal date. Once a student has attended 60% of the semester, all funds are earned and no payback is necessary. If the student fails to officially withdraw in writing, the last date of attendance will be their official withdrawal date.

Please note that our withdrawal/refund policy differs from Financial Aid rules. Though the school may refund the prorated amount of tuition to the lender, the student may end up owing a balance to the school. Also, if you received loan proceeds for living expenses, you may also be obligated to pay back the unearned portion, out of pocket. The Director of Financial Aid will notify you if this is the case. The amount owed will be reported to the National Student Loan Database System (NSLDS). The student is obligated to notify the US Department of Education (the lender) of any changes in status, residence, or other eligibility and contact information. You may report these changes through your loan servicer, whose contact information can be found online at www.studentloans.gov. You may look up your entire loan history by logging in to this website as well.

Status changes are as follows:

- Withdrawal from the school,
- Dropping from full-time to half-time,
- Dropping below half-time,
- Your expected graduation date changes.

WILLIAM D. FORD DIRECT LOAN PROGRAM - GRAD PLUS Loan-7.0%

- Fixed rate.
- A credit check is required, and only credit-worthy students will be approved. Students may have a US citizen co-sign the loan. Please note: the eligibility requirements listed above for the Stafford Loan program apply to Grad PLUS Loan borrowers as well.
- Must complete FAFSA at www.fafsa.ed.gov
- Does not affect your aggregate loan limit.
- Loan Entrance and Exit counseling is required.
- Goes into immediate repayment unless the student defers repayment until after graduation.
- You may pay interest-only while in school, or may make a payment at any time without penalty.

VETERANS EDUCATION BENEFITS

Only the Brookline, MA, BGSP campus is approved by the Department of Veterans Affairs for students to claim their Veteran's Education Benefits. Because each state is in charge of the approval process, we are currently working on our New York approval. We are *not* approved in New York at this time.

GOOD STANDING

Students remain in good standing, withdraw in good standing, or graduate when all current obligations to the school are paid in full. It is the policy of the New York Graduate School of Psychoanalysis to withhold certificates, degrees, official transcripts, and other official recognition of work done at the New York Graduate School of Psychoanalysis from students with outstanding debts to the School.

A student is formally registered when the signed analyst's statement (PT 7), all immunization documents and medical insurance documents, and all tuition and fees are received by the Registrar.
